The Teucrium Funds have limited operating history, so there is no performance history to serve as a basis for you to evaluate an investment in the Trust. Investing in Corn, Soybean and Wheat Interests subjects CORN, SOYB, WEAT and TAGS to the risks of the these market, and this could result in substantial fluctuations in the price of Teucrium Funds shares. Unlike mutual funds, Teucrium Funds generally will not distribute dividends to Shareholders. Investors may choose to use Teucrium Funds as a means of investing indirectly in each Fund, and there are risks involved in such investments. The Sponsor has limited experience in operating a commodity pool, which is defined as an enterprise in which several individuals contribute funds in order to trade futures or futures options collectively. Investors may choose to use the Teucrium Funds as a vehicle to hedge against the risk of loss and there are risks involved in hedging activities. **Commodities and futures generally are volatile and are not suitable for all investors.**

The Teucrium Funds are not mutual fund or any other type of Investment Company within the meaning of the Investment Company Act of 1940, as amended, and is not subject to regulation there under.

Shares of the Teucrium Corn Fund and Teucrium Agricultural Fund are not FDIC insured, may lose value and have no bank guarantee.

All supporting documentation will be provided upon request.

Foreside Fund Services, LLC is the distributor for the Teucrium Corn Fund, Teucrium Soybean Fund, Teucrium Wheat Fund and Teucrium Agricultural Fund.

The Teucrium Funds have a patent pending on the methodology employed by the Funds.
