www.teucrium.com

**Teucrium Trading LLC** is the Sponsor of agriculturally focused Exchange Traded Products available on the New York Stock Exchange. Teucrium's family of funds provides investors unleveraged and transparent investment exposure to agricultural commodity futures without the need for a futures account. Teucrium's NYSE/Arca listed CORN, WEAT, SOYB, CANE, and TAGS funds provide investors the ability to invest directly in agricultural commodities in the popular and highly liquid ETP equity format.

The investment objective of each of the Teucrium Funds (NYSE: CORN, SOYB, WEAT, CANE, and TAGS) is to have the daily changes in percentage terms of the Shares' Net Asset Value ("NAV") reflect the daily changes in percentage terms of a weighted average of the closing settlement prices for the Fund-specific benchmark futures contracts for each Fund (described below).

CORN	SOYB	WEAT	CANE
The 2 <sup>nd</sup> -to-expire CBOT Corn Futures Contract, weighted 35%	2 <sup>nd</sup> -to-expire CBOT Soybean Futures Contract, weighted 35%	The 2 <sup>nd</sup> -to-expire CBOT Wheat Futures Contract, weighted 35%	The 2 <sup>nd</sup> -to-expire ICE Sugar No. 11 Futures Contract, weighted 35%
The 3 <sup>rd</sup> -to-expire CBOT Corn Futures Contract, weighted 30%	The 3 <sup>rd</sup> -to-expire CBOT Soybean Futures Contract, weighted 30%	The 3 <sup>rd</sup> -to-expire CBOT Wheat Futures Contract, weighted 30%	The 3 <sup>rd</sup> -to-expire ICE Sugar No. 11 Futures Contract, weighted 30%
The CBOT Corn Futures Contract expiring in the December following the expiration month of the 3 <sup>rd</sup> -to-expire contract, weighted 35%	The CBOT Soybean Futures Contract expiring in the November following the expiration month of the 3 <sup>rd</sup> -to-expire contract, weighted 35%	The CBOT Wheat Futures Contract expiring in the December following the expiration month of the 3 <sup>rd</sup> -to-expire contract, weighted 35%	The ICE Sugar No. 11 Futures Contract expiring in the March following the expiration month of the 3 <sup>rd</sup> -to-expire contract, weighted 35%
<b>Contract Months:</b> March, May, July, September & December	<b>Contract Months:</b> January, March, May, July & November	<b>Contract Months:</b> March, May, July, September & December	<b>Contract Months:</b> March, May, July & October

## TAGS

Will be rebalanced regularly to maintain the approximate 25% Dollar Weighted Average allocation to each Underlying Fund (CORN, SOYB, WEAT, CANE)

### Risks and Disclosure

- Commodities and futures generally are volatile, and instruments whose underlying investments include commodities and futures are not suitable for all investors.

- This material must be preceded or accompanied by a prospectus. Please read the prospectus carefully before investing or sending money. To obtain a current prospectus, visit the links below:**

- The Funds are not mutual funds or any other type of investment company within the meaning of the Investment Company Act of 1940, as amended, and are not subject to regulation thereunder.

- This material is not an offer or solicitation of any kind to buy or sell any securities outside of the United States of America.

See additional disclosure on back page.

The Teucrium Funds are series of the Teucrium Commodity Trust ("Trust"), a Delaware statutory trust. Additional series of the Trust that will be separate commodity pools may be created in the future. The Trust and the Fund operate pursuant to the Trust's Second Amended and restated Declaration of Trust and Trust Agreement (the "Trust Agreement"). The Funds were formed and are managed and controlled by the Sponsor, Teucrium Trading, LLC. The Sponsor, a limited liability company formed in Delaware, is registered as a commodity pool operator ("CPO") with the Commodities Futures Trading Commission ("CFTC"), is a member of the NFA, and registered as a Commodity Trade Advisor ("CTA") with the NFA.

## The Teucrium Trading Management Team

**SAL GILBERTIE**, President, CIO and co-founder of Teucrium, brings deep experience in commodities markets, particularly in the areas of trading and liquidity. In 1982, Mr. Gilbertie began trading at Cargill's oil arm in New York. He has been involved in the financial markets since that time, most recently with Newedge USA, LLC, where he headed the Renewable Fuels/Energy Derivatives Over-the-Counter ("OTC") execution desk and was an active OTC derivatives trader and market maker. While there, Mr. Gilbertie developed the liquidity and the standard contract in the ethanol market.

**BARBARA RIKER**, CFO, CAO and CCO, has a background in finance, accounting, investor relations, corporate communications and operations. Ms. Riker held various finance positions at Pacific Telesis Group before being selected to lead the Investor Relations team that completed the Initial Public Offering of AirTouch Communications. She then was named CFO of AirTouch International and served on the board of several of the firm's joint ventures, both private and public, across Europe. Ms. Riker is married to Dale Riker, Teucrium's CEO.

**DALE RIKER**, CEO and co-founder of Teucrium, has a strong background in corporate finance and operations. Mr. Riker began his career in 1983 as an auditor with AT&T, serving for the next 12 years in both operational and corporate positions with Pacific Telesis Group. In 1994, Mr. Riker was CFO of Pacific Bell Enhanced Services Group and was later appointed treasurer of PrimeCo, the start-up wireless joint venture formed by four "Baby Bells." Mr. Riker is married to Barbara Riker, Teucrium's CFO.

*Because the Funds will invest primarily in commodity futures contracts and other derivative instruments based on the price of underlying commodity, an investment in the Funds will subject the investor to the risks of that market, and this could result in substantial fluctuations in the price of the shares of each Fund. Shares of the Funds are not insured by the Federal Deposit Insurance Corporation ("FDIC"), may lose value, and have no bank guarantee.*

*Unlike mutual funds, the Funds generally will not distribute dividends to its shareholders. Investors may choose to use the Funds as a means of investing indirectly in commodities, and there are risks involved in such investments.*

*Prior to the launch of the Teucrium Corn Fund, Teucrium Trading, LLC had never operated a commodity pool. Investors may choose to use the Funds as vehicles to hedge against the risk of loss, and there are risks involved in such hedging activities.*
