Item 8.01. Other Events.

Teucrium Trading, LLC, as sponsor (the “Sponsor”) of Teucrium Commodity Trust (the “Trust”), has determined that, effective immediately, Teucrium Wheat Fund (the “Fund”), a series of the Trust, may exercise its discretion to invest in (i) KC Hard Red Winter Wheat futures contracts listed for trading on the Chicago Board of Trade (“KC HRW Wheat Futures Contracts”) and (ii) Hard Red Spring Wheat futures contracts listed for trading on the Minneapolis Grain Exchange, LLC (“MGEX HRS Wheat Futures Contracts” and, together with KC HRW Wheat Futures Contracts, “Alternative Wheat Futures Contracts”).

The Fund’s investment objective, Benchmark and Benchmark Component Futures Contracts have not changed. Under normal market conditions, the Fund will continue to seek to achieve its investment objective by investing in Benchmark Component Futures Contracts and in cash and cash equivalents. The Fund expects to invest in Alternative Wheat Futures Contracts only if, and only to the extent that, position limits, accountability levels or price fluctuation limits applicable to the Benchmark Component Futures Contracts restrict the Fund’s ability to invest in Benchmark Component Futures Contracts in the amounts necessary to seek its investment objective. The allocation of the Fund’s investments to Alternative Wheat Futures Contracts, generally, and among the different types of Alternative Wheat Futures Contracts, shall be subject to the sole discretion and judgement of the Sponsor. The Fund intends to invest in Alternative Wheat Futures Contracts in the same contract months as its then-existing Benchmark Component Futures Contract holdings. A list of the Fund’s holdings that will be used for the Fund’s next calculated net asset value (“NAV”) can be found on the Fund’s website at teucrium.com/weat.

CBOT Wheat, CBOT KC Hard Red Winter Wheat and MGEX Hard Red Spring Wheat are each separate core referenced futures contracts under Part 150 of the Commodity Futures Trading Commission’s regulations and are each subject to separate federal and exchange-set position limits and accountability levels. Because KC HRW Wheat Futures Contracts and MGEX HRS Wheat Futures Contracts reference different classes of wheat than the Benchmark Component Futures Contracts, and have different delivery locations, delivery terms and grade specifications, an investment in Alternative Wheat Futures Contracts may cause changes in the Fund’s NAV to correlate less closely with changes in the Benchmark, and the markets for those contracts are less liquid than the market for the Benchmark Component Futures Contracts.

On August 31, 2026, the Trust filed a supplement to the Fund’s prospectus pursuant to Rule 424(b)(3) under the Securities Act of 1933, as amended, describing the matters set forth in this Current Report. Investors should read that supplement together with the Fund’s prospectus dated April 30, 2026, as supplemented.
